

Clinical Placement in Study Program “Physiotherapy”

Procedure for applying for placements:

Students are nominated by a partner university through our website by the 15th of May or 15th of October. The nomination is then reviewed and either approved or declined. If approved, the student will receive information about the further application process.

In the Learning Agreement that needs to be included in the application form, information about the placement is required, such as the desired fields, number of hours, hours per day, evaluation, etc. After this information is provided, a detailed placement plan will be arranged with the hospitals and healthcare centers.

Clinical placement in the study program “Physiotherapy” will be conducted provided in:

- hospitals – for children and for adults, and specialized traumatology hospital;
- multi-professional rehabilitation centers;
- outpatient clinics and rehabilitation centers.

The hospitals and healthcare centers are located in Riga and Jūrmala. Students typically complete placements lasting one month each. It is also possible to arrange placements of up to three months.

We have extensive experience in organizing clinical placements for international students. Our clinical instructors have a good command of English and will explain all necessary aspects of the placement.

Clinical placements are organized according to the following schedule: five days a week, with eight academic hours per working day. During this period, students are required to spend time in hospitals or rehabilitation centers, as well as complete paperwork and prepare for their placement. Each clinical placement includes documentation that must be completed, particularly for ERASMUS+ exchange students.

We offer and organize clinical placements in orthopedics (primarily for adults), neurology (for both adults and children), pediatrics, and internal medicine in hospitals and rehabilitation centers.

If you are interested in a specific field or have particular preferences for your placement, please let us know, and we will do our best to accommodate your request.
