In order to receive the price mentioned above, please include information stating that you are an RSU student!

Apartment rental

Renting an apartment in Riga is cheaper, if you are willing to share: the average costs per person will be lower if you are, for example, five students renting a five-room flat, rather than renting a one room flat on your own. The price also depends on the quality of the flat and the area, but the average price for a one room apartment is EUR 250.00 or higher. If you are thinking about renting a flat, please keep in mind that the utility costs can be quite high, starting from EUR 70.00 in summer up to EUR 200.00 in winter. These costs include water, electricity, central heating in winter, etc.

When looking for a flat to rent, you will be given an option to choose the region in Riga you are interested in. Here you can download a [PDF file](#) with our suggestions for picking a district to live in Riga with tips on what to keep in mind when renting an apartment.

If you are interested in renting a flat, you can use the services of real estate agencies and individual agents and other websites that offer apartment rental. Below you will find several contacts that we suggest since these agents/companies have been in touch with us for at least 2 years and the overall cooperation has been positive.

Individual agents

The real estate agents mentioned below have helped a number of RSU international students for a couple of years now and will be happy to assist you in the process of renting an apartment. Since we specifically suggest only these two agents and knowing that there might be many requests for apartments from you, please allow reasonable time for the agents to offer some options for you.

Advertisements on the Internet

These real estate companies or websites have been offering their services time after time so we believe that some students have found apartments through them. Please feel free to check them out.

- [Rent in Riga](#)
- [Majoklis](#)

All of the above sites provide information in English and you can often find good offers posted there, sometimes directly from the owners. However, you should be sensible and selective in order to avoid fake or inadequate offers, therefore we would suggest you avoid visiting potentially untrustworthy sites such as [ss.com](#) or [reklama.lv](#).

Short-term stay

Please find below information about several short-term accommodation options we suggest. These are mostly for those of you who have not found apartments in Riga. We suggest long-term stay options since they already have RSU students living there. However, also most short-term options are worth considering since they offer friendlier prices. However, do not forget to inform the hotels that you are a RSU incoming student to receive the indicated prices!

Janne Hotel

Address: **18 Pilsoņu Street, Riga**

Janne Hotel is located in the historical centre of the Āgenskalns District, only a 10 min drive-away from Riga Oldtown and RSU. The hotel is housed in a 100-year old building, fully renovated and opened in June, 2014. It is located very close to a supermarket, the RSU Student Hostel Āgenskalns and Pauls Stradiņš Clinical University Hospital. There is a direct bus route to RSU.
