

Endnote 20 installation on Mac computers

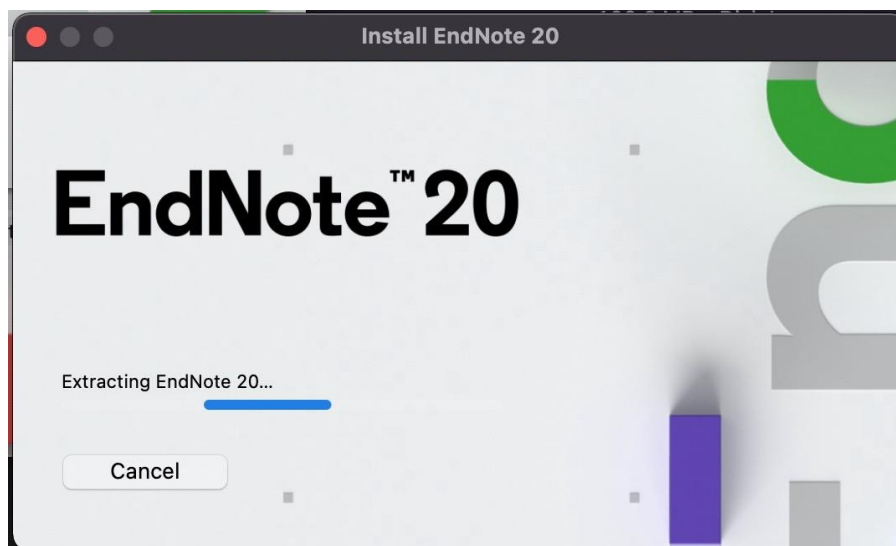

1. Download installation programme here:
<https://download.endnote.com/downloads/20/EndNote20Installer.dmg>
2. Open *Downloads* folder in your computer or the map that you have saved the file. Open the file to start the installation process

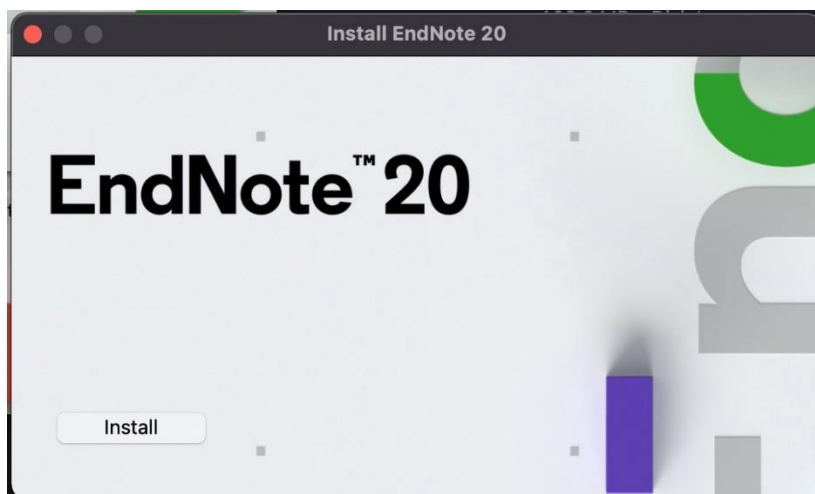

3. Double click on the file and click on *Install EndNote 20*

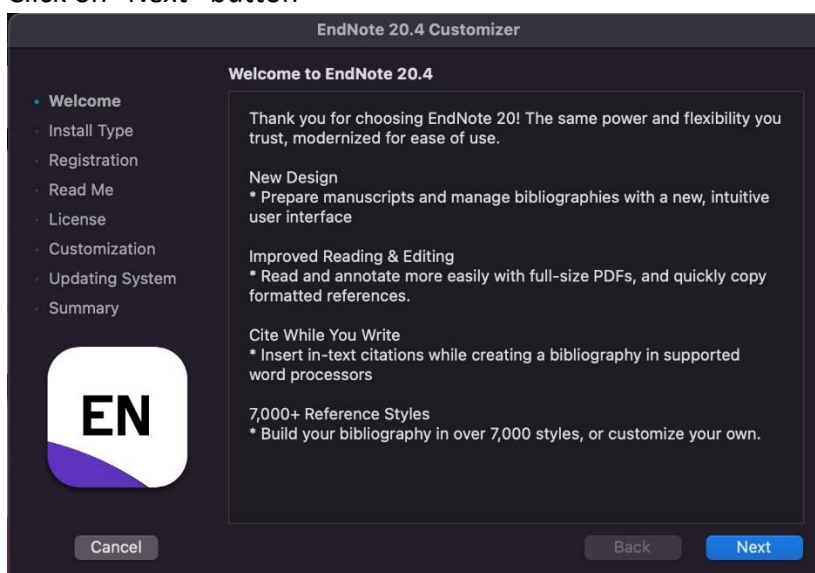

4. *EndNote 20* installation will start

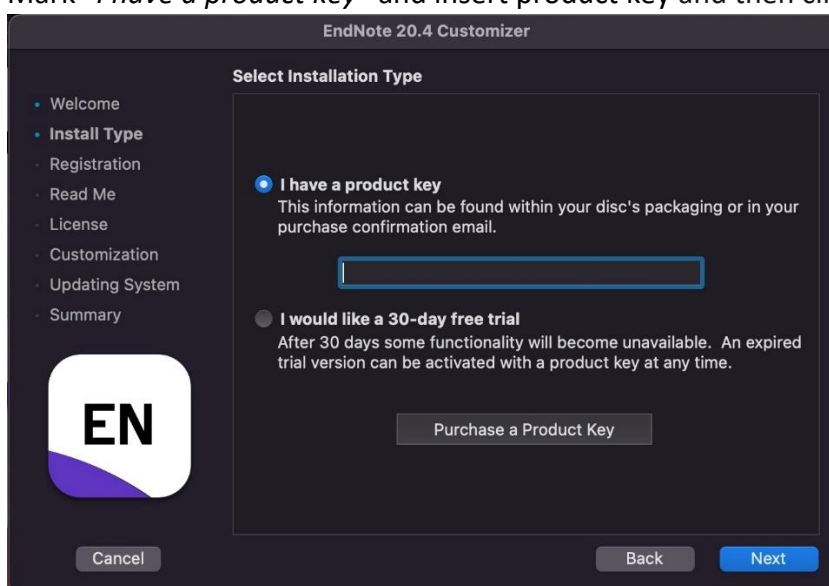

5. Click on "Install" button

6. Click on "Next" button

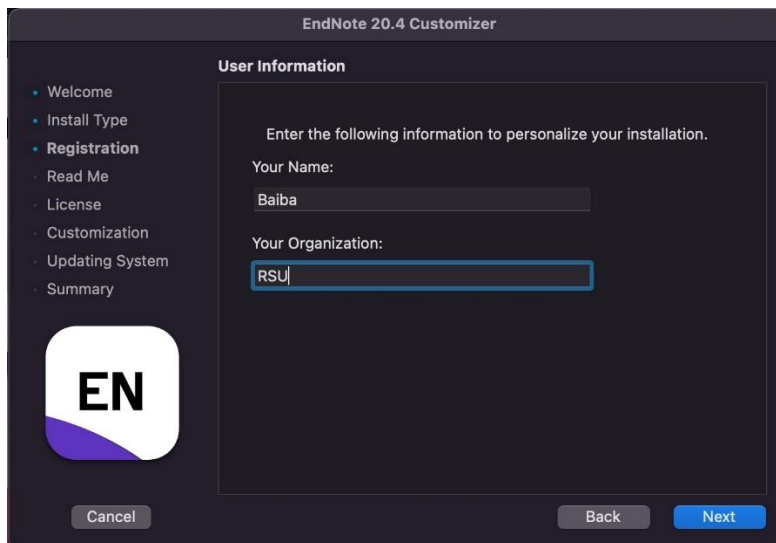

7. Mark "I have a product key" and insert product key and then click on "Next"

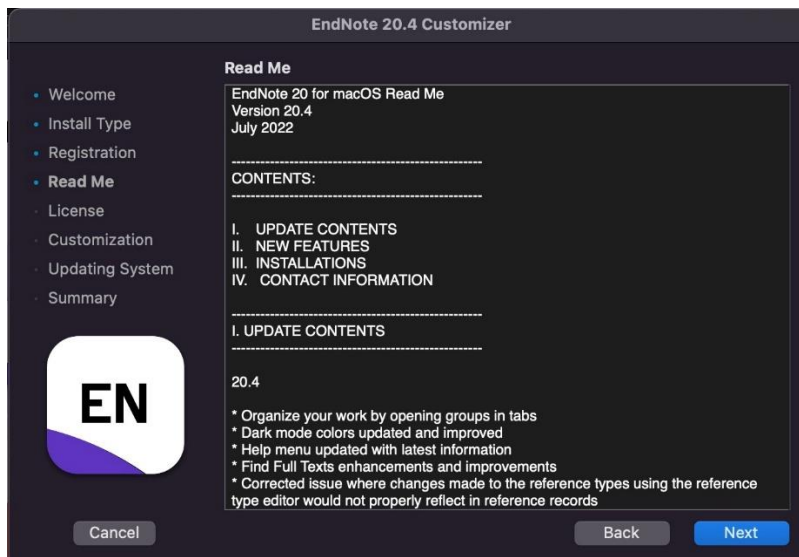

To receive the product key, write to biblioteka@rsu.lv

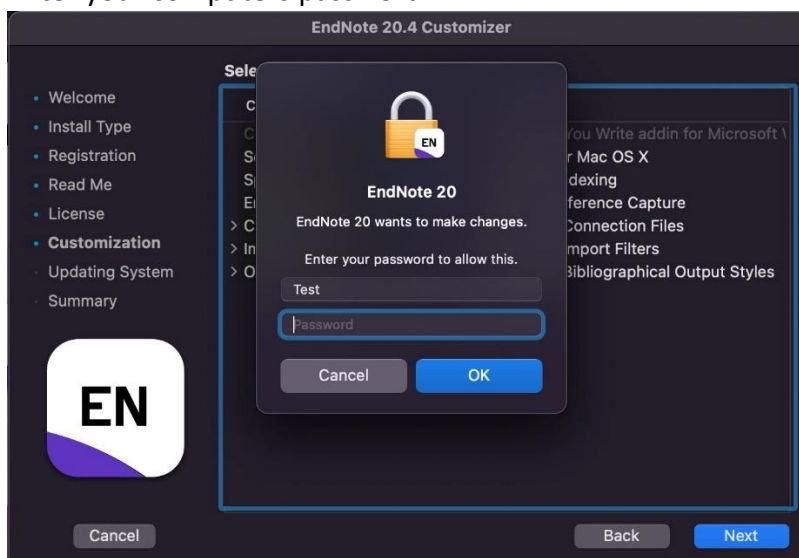

8. Insert your name and universities abbreviation RSU and click on “Next” button

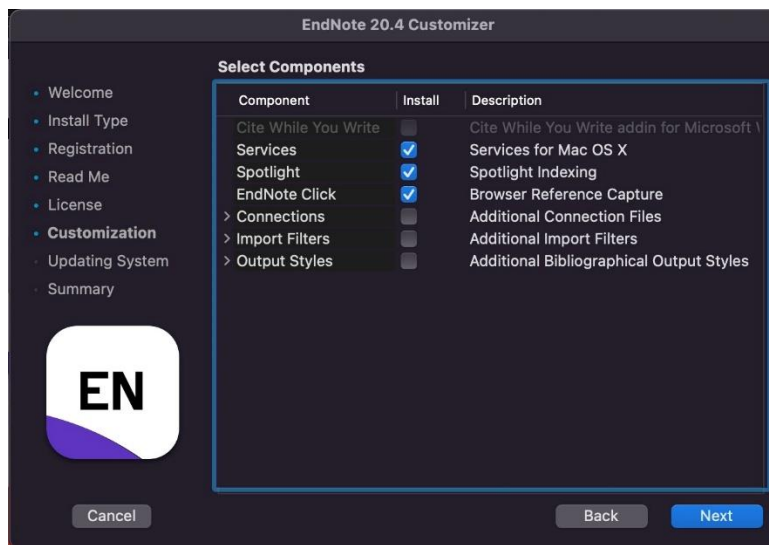

9. Click on “Next”

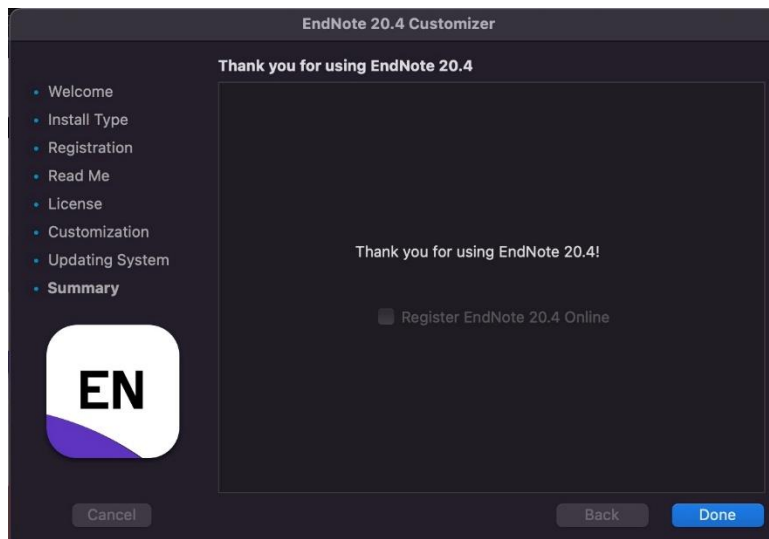

10. Enter your computers password

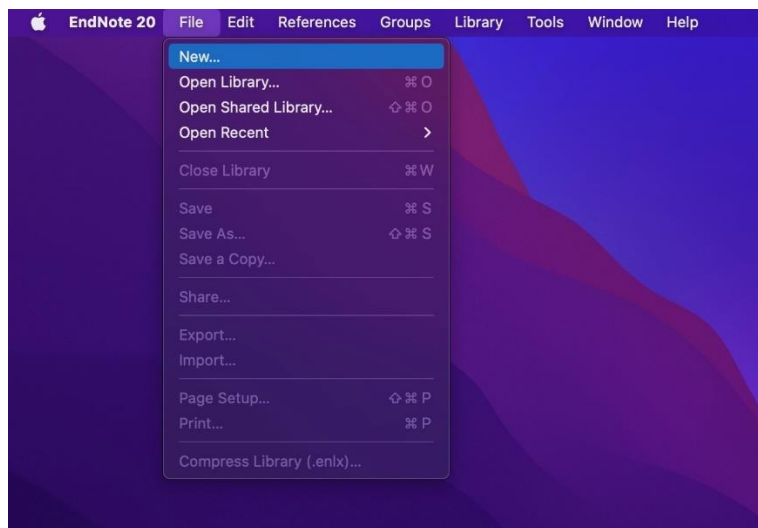

11. Click on “Next”

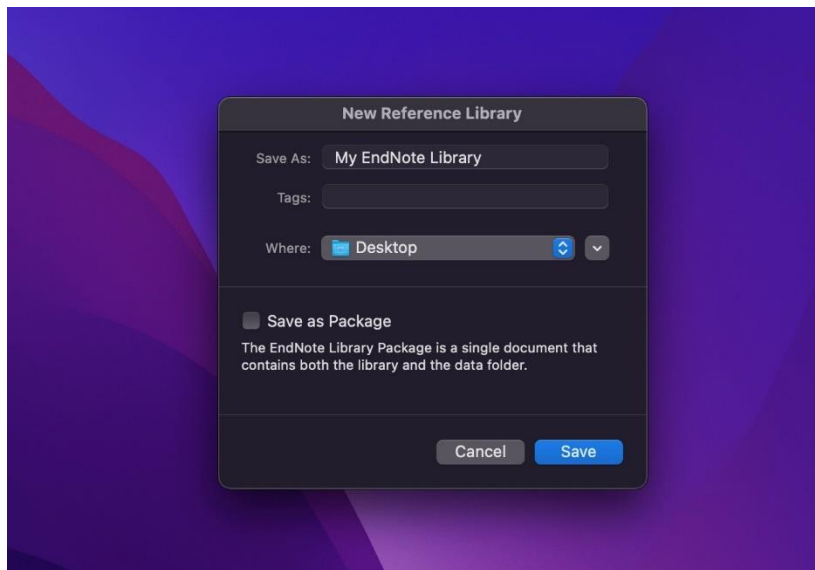

12. Click on “Done”

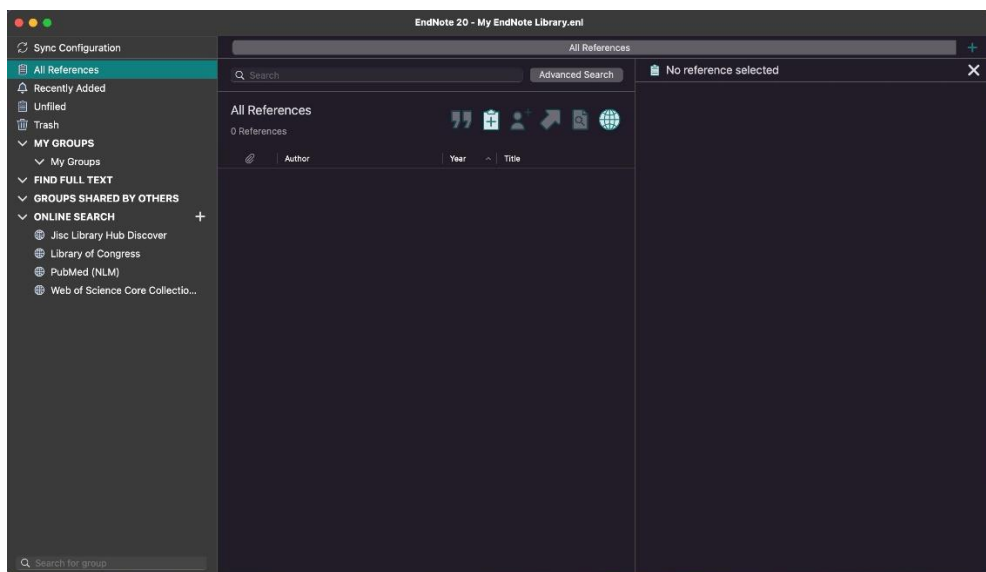

13. Open *EndNote 20* and click on *File > New...*

14. Save your *EndNote Library*

15. After saving it should look like this. If you have created an online version of EndNote or have been working on another computer, e.g. in a library or office, synchronize your content, click Library > Sync
