

Breakfast with Scientists

„Life Science databases’ from Elsevier - supporting your Research”

25th April, 2017, 9.00 – 11.30

Rīga Stradiņš University
Senate Hall
Dzirčiema 16, Rīga

AGENDA

9.00 – 9.20 Registration

9.20 – 9.30 Opening

9.30 – 10.00 Chemistry data and literature – **REAXYS**

Reaxys provides rapid and easy access to experimental facts to empower chemistry research, chemical discovery and scientific education, and it's designed to support the full range of fields, including pharmaceutical development, environmental health & safety work and material science.

10.05 – 10.35 Biological research – **PATHWAY STUDIO**

By integrating a vast knowledgebase of biological relationships with analytical and visualization tools, Pathway Studio enables scientists to explore molecular interactions, and cause and effect relationships associated with biological processes.

10.40 – 11.10 Biomedical research - **EMBASE**

Embase is a highly versatile, multipurpose and up-to-date database covering the most important international biomedical literature. All articles are indexed in depth using the Elsevier Life Science thesaurus Emtree.

11.10 – 11.30 Discussion

Lecturer Piotr Golkiewicz is Life Science Solutions Consultant at Elsevier. Piotr is a graduated chemist with long time experience in research information solutions. Piotr is focusing on Life Science solutions aiming at ensuring that required research information and data is found in a short time.
