

VILNIUS UNIVERSITY  
LIFE SCIENCES CENTER  
INSTITUTE OF BIOTECHNOLOGY

Joint research project Lithuanian–  
Latvian–Taiwanese Tripartite  
Cooperation Programme

Project name: Studying of human parvovirus  
B19, bocavirus and parvovirus 4 involvement  
in inflammatory neurological diseases using  
interdisciplinary approach

**Coordinators:** RASA PETRAITYTĖ-  
BURNEIKIENĖ, Vilnius university, Life sciences  
center, Institute of Biotechnology, Vilnius,  
Saulėtekio al. 7, Lithuania, email:  
[rasa.burneikiene@bti.vu.lt](mailto:rasa.burneikiene@bti.vu.lt)  
phone: +37067013860  
PAULIUS LUKAS TAMOŠIŪNAS, Vilnius  
university, Life sciences center, Institute of  
Biotechnology, Vilnius, Saulėtekio al. 7, Lithuania,  
email: [paulius@tamos.lt](mailto:paulius@tamos.lt)

**Date:** 27th – 29th of September, 2017

**Place:** Vilnius university, Life Sciences Center,  
Institute of Biotechnology, Vilnius, Saulėtekio al. 7,  
Lithuania

## MEETING AGENDA

### 27<sup>th</sup> of September

Opening remarks, Dr. Rasa Petraitytė-Burneikienė Vilnius university, Life sciences center, Institute of Biotechnology, Vilnius, Lithuania

Research at the Institute of Biotechnology of Life Sciences center, Vilnius university, Prof. K. Sasnauskas, Head of the Institute of Biotechnology, Vilnius university, Life sciences center

Excursion in Life Sciences center of Vilnius university, Justas Lazutka, Vilnius university

### 28<sup>th</sup> of September

An update on project research in Latvia, Prof. Modra Murovska, A.Kirchenstein Institute of Microbiology and Virology, Riga Stradins University

An update on project research in Taiwan, Prof. Hsin-Fu Liu, Department of Medical Research, Mackay Memorial Hospital, New Taipei City, Taiwan

An update on project research in Lithuania, Dr. Rasa Petraitytė-Burneikienė, Vilnius university, Life sciences center, Institute of Biotechnology, Vilnius, Lithuania

Workshop at the Department of Eukaryote Gene Engineering, at the Institute of Biotechnology, Dr. Paulius Lukas Tamošiūnas, Vilnius university, Life sciences center, Institute of Biotechnology

**29<sup>th</sup> of September**

Small group discussions on future tasks of the project, Lithuanian, Latvian and Taiwanese research groups

Networking lunch

Guided Vilnius city tour
