

SUMMER SCHOOL

HEALTH & MIGRATION

Is it your ambition to become a medical student with a worldly vision, or are you fascinated by health care all across the globe? Then we've got your holiday all figured out!

This year we are pleased to announce that we are hosting the 10th edition of our Summer School 'Health & Migration' in the vibrant City of Ghent, a medieval town in Belgium.

Within these 12 days, we offer you a wide range of interesting and contemporary topics such as global problems in migration, human rights, health inequ(al)ities, NGOs and many more.

Not only is this a great opportunity to discover and learn more about these exciting subjects, it's also the ideal occasion to meet new people from different cultures and backgrounds.

Last but not least, you can taste our delicious Belgian chocolates and famous beers during one of many exciting social activities and get to explore the local culture during your stay in our beloved city!

We hope to welcome you in Ghent for our Summer School next July!

SUMMER SCHOOL

SEXUAL & REPRODUCTIVE HEALTH & RIGHTS

Does the complexity of the gender topic fascinate you? Are you interested in today's global sexuality issues? Always wanted to attend a course about abortion or IVF? Then we've got your holiday all figured out!

This summer we organise the 4th edition of our Summer School 'Sexual & Reproductive Health & Rights' (SRHR) in the vibrant City of Ghent, a medieval town in Belgium.

Within these 12 days, we present you a unique educational programme. During these courses, we cover the matter of SRHR, with topics such as family planning, gender, abortion, LGBT, STDs, sexual violence and many more.

Exciting social activities allow you to meet students from all over the world, an exceptional opportunity to get in touch with different cultures and backgrounds, all in a mesmerizing setting! We hope to welcome you in Ghent for our Summer School next July!
